Equ'Institut is an association dedicated to information and education in equine health for all kinds of people working or living with horses.

The referenced educational center managed by veterinarians and horse's lovers, is based in Chamant (France) and provides initial and continuous education by recognized speakers.

At the forefront of practices improvement, Equ'Institut actively supports telemedicine for equine health and develops connected tools for prevention and monitoring horse diseases.

Président Dr Vet Jean-Yves Gauchot,
Vice-Présidents Dr Vet Richard Corde,
+ Dr Vet Xavier Gluntz, secretary,
+ Dr Vet Claire Scicluna, treasurer
